Dear Trustees

Eppleton Academy Primary School Audit findings for the year ended 31 August 2022

This Audit Findings report highlights the significant findings arising from the audit for the benefit of those charged with governance. We appreciate that you may be aware of some of the matters contained in this report, however as required by International Standard on Auditing (UK) 260 we are communicating them to you formally.

As auditors we are responsible for performing the audit, in accordance with International Standards on Auditing (UK) (ISAs (UK)), which is directed towards forming and expressing an opinion on the financial statements that have been prepared on behalf of management with the oversight of those charged with governance. The audit of the academy trust's financial statements does not relieve management or those charged with governance of their responsibilities for the preparation of the financial statements. The contents of this report relate only to those matters which came to our attention during the conduct of our normal audit procedures which are designed primarily for the purpose of expressing our opinion on the financial statements. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Our report also includes details of recently released accounting standards and legislation which we would like to bring to your attention – see appendix III. This section is for information only. Appendix IV also lists all the “musts” that are included within the Academy Trust Handbook 2022.

Executive summary

Audit overview

This table summarises the key findings from the statutory audit of Eppleton Academy Primary School for the year ended 31 August 2022 for those charged with governance.

<p>Audit opinion</p>	<ul style="list-style-type: none"> • We do not propose any modifications to our audit opinion which is unqualified • We have no matters to report regarding the adoption of the going concern basis or inadequate disclosures relating to material uncertainties • Our audit work is substantially complete and there are currently no matters which would require modification of our audit report.
<p>Key findings on audit risks and other matters</p>	<ul style="list-style-type: none"> • We have reported our audit findings on pages 3-8 and audit adjustments on page 9]. The impact on the academy trust’s reserves excluding the LGPS adjustment is £10k.. • We are pleased to report that the audit progressed well from our perspective and in accordance with the agreed timetable.
<p>Audit adjustments</p>	<ul style="list-style-type: none"> • We are required to communicate all potential adjustments, other than those considered to be clearly trivial, to management and to request that management corrects them. Details of the audit adjustments and potential adjustments are included on page 9. • The aggregate impact of unadjusted misstatements on the SOFA, were they to be processed, would result in a combined decrease to the trust’s reserves of approximately £1.5k which is immaterial to the financial statements. Details of adjusted misstatements are included on page 10.
<p>Accounting systems and internal controls</p>	<ul style="list-style-type: none"> • We have applied our risk-based methodology to your audit. This approach requires us to document, evaluate and assess your business processes and internal controls relating to the financial reporting process. • Our audit is not designed to test all internal controls or identify all areas of control weakness. However, where, as part of our testing, we identify any control weaknesses, we have reported these to you. • No material weaknesses or significant deficiencies were noted.

Materiality

Whilst our audit procedures are designed to identify misstatements which are material to our audit opinion, we also report to those charged with governance and management any uncorrected misstatements of lower value errors to the extent that our audit identifies these.

Under ISA (UK) 260 'Communication with those charged with governance', we are obliged to report uncorrected omissions or misstatements other than those which are 'clearly trivial' to those charged with governance. ISA (UK) 260 defines 'clearly trivial' as matters that are clearly inconsequential, whether taken individually or in aggregate and whether judged by any quantitative or qualitative criteria.

An omission or misstatement is regarded as material if it would reasonably influence the users of the financial statements. The assessment of what is material is a matter of professional judgement and is affected by our assessment of the risk profile of the business and the needs of the users.

Our assessment of materiality for this year ended 31 August 2022 was calculated as follows.

	£	Explanation
Overall materiality for the financial statements	11,000	Accounts materially misstated where total errors exceed this value.
Performance materiality	8,250	Work performed to capture individual errors at this level.
Trivial threshold	550	All errors greater than this are reported.

Significant findings

Findings related to significant risks

Significant risks are defined by professional standards as risks that, in the judgement of the auditor, require special audit consideration. In identifying risks, we consider the nature of the risk, the potential magnitude of misstatement, and its likelihood. Significant risks are those risks that have a higher risk of material misstatement.

Risk	Audit approach	Audit findings and conclusion
<p>Fraud in revenue recognition Under ISA (UK) 240 there is a presumed risk of fraud in relation to revenue recognition. The presumption is that the company could adopt accounting policies or recognise income in such a way as to lead to a material misstatement in the reported revenue position.</p>	<ul style="list-style-type: none"> Review and testing of revenues recognition policies Detailed substantive testing on all material revenue streams, including ESFA and local authority funding 	<p>We are satisfied that income is free of material errors and is appropriately disclosed in the financial statements.</p>
<p>Management override of controls Under ISA (UK) 240 there is a presumed risk that management and trustees have the ability to process transactions or make adjustments to financial records outside of the normal financial control processes. Such transactions could lead to a material misstatement in the financial statements.</p>	<ul style="list-style-type: none"> Review of accounting estimates, judgement and decisions made by management Testing of journal entries Review of significant unusual transactions 	<p>Our testing did not indicate any evidence of management override of controls.</p>
<p>Going concern Under ISA (UK) 570, there is a presumed risk that the academy trust may not be a going concern.</p>	<ul style="list-style-type: none"> Review of year end reserves Review of budgets for at least 12 months following the date the accounts are approved Consideration of assumptions made in producing the budgets Consideration of the trustees' assessment of going concern 	<p>See our assessment of the work done on going concern below.</p>

Other identified risks	Audit approach	Audit findings and conclusion
<p>Related parties</p> <p>Under ISA (UK) 550, there is a presumed risk that related party transactions may be inaccurate or misstated within the financial statements</p>	<ul style="list-style-type: none"> • Review of completeness of declared related parties • Review of accounting records for potential additional transactions • Review of compliance with ESFA regulations • Discussions with management 	<p>We are satisfied that there are no related parties to disclose</p>

Impact of Covid-19

The pandemic may have increased risks due to financial controls being adapted, additional sources of funding being obtained and additional guidance being issued by the ESFA

- Review of additional income such as CJRS and exceptional funding claims where relevant
- Review of accounting entries and balances
- Considering additional risks where financial controls have been adapted
- Additional considerations around going concern and post balance sheet events
- Discussions with management

Our review and risk assessment took into accounts the impact of Covid-19 and we have reviewed material accounting entries and financial statements disclosures. We have nothing to report to you in this regard.

Restricted and unrestricted funds

There is a risk that restricted grants could be spent on expenditure other than in accordance with the terms of the funding, or that expenditure may be inappropriately allocated to the incorrect fund

- Review grant income to understand the restrictions in place
- Review a sample of expenditure to ensure in accordance with the restrictions, and appropriately accounted for against the correct fund
- Review funds carried forward for reasonableness and to ensure in accordance with the terms of the grant

From our review we are satisfied that funds have been appropriately accounted for and disclosed in the financial statements.

There were no changes to our audit plan previously communicated to you.

Going concern

As auditors, we are required to “obtain sufficient appropriate audit evidence about the appropriateness of management's use of the going concern assumption in the preparation and presentation of the financial statements and to conclude whether there is a material uncertainty about the entity's ability to continue as a going concern” (ISA (UK) 570).

Management's assessment of going concern	Audit work performed	Audit findings and conclusion
Management and trustees have assessed the trust be a going concern as required by the Academy Trust Handbook. This assessment is based on the management accounts, levels of reserves, the budgets approved for 2022/23 onwards and by reference to other available information.	We have reviewed the trust's financial forecasts including their underpinning assumptions, held discussion with management including the future plans of the trust, reviewed the expected levels of reserves in the future, considered the ongoing impact of inflation and wider economic factor and expectations around funding/income, payroll expenditure and other expenses.. We have also considered the narrative included in the Trustees' Report and in the notes to the financial statements	We concur with management's assessment that it is appropriate to continue to adopt the going concern basis and there are no material uncertainties relating to going concern which should be disclosed in the financial statements.

Accounting policies, judgements, estimates and disclosures

Accounting policies

The accounting policies used in preparing the financial statements are unchanged from the previous year.

We do not have any comments or recommendations to make to you in respect of accounting policies.

Judgements and estimates

We have covered the risks inherent in the valuation of the LGPS liability elsewhere in this report.

We have covered the risks in estimating the value of land and buildings, and on assets and liabilities on conversion/transfer elsewhere in this report.

We are satisfied that the depreciation policy and rates adopted are appropriate to the trust.

We have no further comments in respect of accounting estimates.

Disclosures

Our work included a review of the adequacy of disclosures in the financial statements and consideration of the appropriateness of the accounting policies and estimation techniques adopted by the academy trust.

Conclusion

We found the disclosed accounting policies, significant accounting estimates and the overall disclosure and presentation to be appropriate for the academy trust.

Other communication requirements

Fraud or suspected fraud

We have previously discussed the risk of fraud with the Board. We have not been made aware of any other incidents in the period and no other issues have been identified during the course of our audit.]

Our work as auditor is not intended to identify any instances of fraud of a non-material nature and should not be relied upon for this purpose. In the event that the trustees wish to obtain enhanced assurance with regard to the effectiveness of internal control in preventing and detecting fraud we should be happy to provide additional services.

Non-compliance with laws and regulations

The principal laws and regulations with which the academy trust complies include company and charity law and the ESFA regularity framework. We are not aware of any significant incidences of non-compliance.

There are also may other laws and regulations relating to health and safety as well as human resources generally and industry specific requirements. We are not aware of any significant incidences of non- compliance.

Written representations

We enclose the final draft letters of representation covering the financial statements and regularity audits at Appendices I and II which we will request the Board to sign at the same time as the financial statements are approved.

Related parties

We are not aware of any related party transactions which have not been disclosed – further consideration of our audit work is detailed above.

Confirmations from third parties

All requested confirmations have been received for which we undertook alternative audit procedures.

Regularity reporting

The second audit report pertains to our work on regularity, the concept that governs appropriation of funds within Academy Trusts. Again, our report is unqualified which means that there is nothing that has come to our attention that requires reporting formally in the accounts. Details of the work we have done to reach this conclusion is include in our report on regularity in the financial statements.

Uncorrected misstatements

A number of non-trivial uncorrected misstatements were discovered during the course of our audit and these are summarised below. We have discussed the uncorrected misstatements with management and have confirmed that individually and in aggregate the effect is not material

Internal controls

The purpose of an audit is to express an opinion on the financial statements. As part of our work we considered internal controls relevant to the preparation of the financial statements such that we were able to design appropriate audit procedures. However, this work was not for the purpose of expressing an opinion on the effectiveness of internal controls.

We are required to report to you in writing, significant deficiencies in internal controls that we have identified during the audit. These matters are limited to those which we have concluded are of sufficient importance to merit being reported to you.

Our audit is not designed to test all internal controls or identify all areas of control weakness. However, where, as part of our testing, we identify any control weaknesses, we have reported these to you below.

For the purposes of submitting your financial statements to the ESFA, we identified no high risk recommendations, no medium risk, and 2 low risk.

Presentation of financial statements and approval process

Introduction

Azets Audit Services is responsible for forming and expressing an opinion on the financial statements as a whole. We have carried out our work in accordance with our terms of engagement and with International Accounting Statements on Auditing (UK).

The accounts are in a similar format to previous years with no changes to format other than some additional detail around income, disclosure of legal fees and minor changes to certain notes.

The accounts breakdown into **five** key sections:

1. Reference and administrative details.
2. Trustees' Report, Governance Statement & statements on regularity and Trustees' responsibilities.
3. Audit reports – Statutory and Regularity.
4. Primary financial statements – Statement of Financial Activities (SOFA), Balance Sheet and Cash Flow statement.
5. Notes to the Accounts.

Section 1 – Reference and Administration

- Members and Trustees – include details to date of approval.
- Senior leadership team – review and confirm.

Section 2 – Trustees’ Report, Governance Statement and Statement on Regularity

- Primarily statutory information but equally contains areas where you are encouraged to report on the performance of the Academy during the year.
- The Trustees’ Report and the following statements belong to you and we do not audit these reports, rather we ensure the information contained within them is consistent with the financial statements starting with the SOFA. We would encourage you to read through the statements and in particular take note of the statement of Trustees’ Responsibilities.
- There are some minor changes from 2021, guidance was provided by the ESFA in the Academies Accounts Direction and Supplementary Bulletin.
- Governance Statement – includes a note attendance at meetings, the accounting officer’s value for money statement and details of internal audit and any issues reported.

Section 3 - Audit reports

We produce two reports.

- The first is the statutory audit and is designed for us to provide a view as to whether the accounts provide a true and fair view of the Academy Trust’s financial activities. We have issued an unqualified report in this regard which means that we believe the accounts do show a true and fair view.
- The second audit report pertains to our work on regularity, the concept that governs appropriation of funds within Academy Trusts. Again, our report is unmodified which means that there is nothing that has come to our attention that requires reporting formally in the accounts.

Section 4 - Primary Statements

SOFA

- Reconciliation of the underlying in year position:

	£'000
Reported surplus/deficit per SOFA (page 23)	(86)

Add: LGPS adjustments charged as an expense (page 38)	68
Underlying surplus/deficit in year	3
Less: capital expenditure from reserves and revenue income	0

Dear Sirs

Re: Eppleton Academy Primary School

All representations are made to the best of my knowledge and belief.

Cyber Risk – RPA members

Reminder: important reminder for all RPA Members - have you met the conditions for RPA cyber cover?

To make sure your school is covered for Cyber Incidents have you met the following 4 conditions:

1. Must have offline backups
2. All employees or Governors who have access to the Member's information technology system must undertake [NCSC Cyber Security Training](#)
3. Must register with [Police CyberAlarm](#)
4. Must have a Cyber Response Plan in place

If you have any questions or would like more information, contact: RPA.DFE@education.gov.uk.

DFE Chart of Accounts

The academies chart of accounts (CoA) is the Department for Education's standard for financial data that underpins the academies accounts return and budget forecast returns.

Whilst it is not yet a must that use the standard CoA it is now 'strongly recommended'

We would recommend that you speak to your software provider to see how your accounts can quickly (and efficiently) be transferred to the standard CoA.

The DfE states the benefit of changing to the CoA is:

When a trust first converts to using the DfE's CoA, there will be an initial outlay for a trust in terms of time and effort to bring the new accounting structure into operation. However, once embedded, the benefits of using the DfE's standardised CoA are:

- *that it maps directly to the accounts return and budget forecast returns and therefore enables direct input of financial data into these returns*

- *it enables trusts to make use of the DfE's application programme interface (API) tool for pre-populating the Accounts return completing up to 80% of the AR, resulting in a reduction of data entry time*
- *enables use of automated draft financial statements via API*
- *reduces subjectivity across the academies sector and so develops the reliability of benchmarking data comparisons*
- *potential for efficiency savings*

Special Payments/Indemnities

Academy trusts must obtain prior ESFA approval before

- making a special staff severance payment where:
 - an exit package which includes a special severance payment is at, or above, £100,000; and/or
 - the employee earns over £150,000
- the following transactions beyond the delegated limits described below:
 - writing-off debts and losses;
 - entering into guarantees or letters of comfort; and
 - entering into indemnities which are not in the normal course of business.

External Reviews of Governance

An objective independent external review of the effectiveness of the board can be a more powerful diagnostic tool than a self-evaluation. External reviews are particularly important before the board undertakes any significant change - for example before a trust grows significantly, or in cases where concerns around governance arise. The Department's strong preference is that external reviews of governance are also conducted routinely as part of a wider programme of self -assessment and improvement. Reviews should also consider the interaction between members and trustees, including the extent to which members are able to assure themselves that the trustees undertake their duties effectively.

Uniforms

In November 2021, the Department for Education published statutory guidance for schools to ensure the cost of school uniforms is reasonable and secures the best value for money. Governing boards should now be compliant with much of the guidance – and fully compliant by Summer 2023.

Here are some key actions schools should already have taken:

- reviewed their uniform policy against the expectations in the statutory guidance (for example removing unnecessary branded items)
- engaged with parents and pupils when developing/reviewing their policy
- published their uniform policy on the school website
- ensured second hand uniforms are available
- considered any procurement needed to comply with the contract and uniform supplier requirements within the guidance (for example for any branded items) so that school uniforms are ready by summer 2023.

All schools should be fully compliant with the guidance by summer 2023.

ESFA Good Practice Guides

The ESFA have issued a number of good practice guides. They do not replace or modify any requirements set out in the Academy Trust Handbook and the Academies Accounts Direction. They aim to provide suggestions about good practice.

Currently the following is available as a good practice guide:

- Streamlined Energy and Carbon reporting
- Operating an academy trust as a going concern
- Choosing an external auditor for an academy trust

- External audit procurement key information
- Academy trust deficit recovery
- Academy trust risk management
- Leasing guidance for academy trusts
- Academy trust management accounting
- Internal scrutiny in academy trusts
- Academy trust management letters
- External audit preparation checklist for academy trust guidance
- External audit preparation checklist
- Tendering 'jargon busting' guide for academy trusts

VAT review

The academy trust is currently *not* VAT registered *and reclaiming VAT via the Form 126/ quarterly*.

Our audit does not examine VAT in detail and our audit procedures are not designed to detect immaterial fraud or error. Therefore, we have not reviewed individual streams of income to:

- Assess whether the academy is over the VAT registration threshold*
- Ascertain whether the VAT reclaimed is correct

There are a number of income streams that may be liable to VAT, we have provided some common area below, but please note this is not an exhaustive list:

1. Contracts whereby you receive commission or the net of income/costs for items such as uniform. The contract may be worded in such a way that you are actually the primary supplier and not an agent, if this is the case then you may be liable to register and charge VAT on these items.
2. The sale of meals to staff is a supply liable to VAT. The VAT treatment of outsourced catering contracts means that an Academy will act as principle in the sale of all meals. The sale of a meal to a member of staff (not a duty meal) will count towards the VAT registration limit
3. Certain supplies under salary sacrifice schemes can have a VAT implication either as the amounts count towards the VAT registration limit or VAT on expenses could be restricted.
4. Although the majority of income from letting the premises will be exempt depending on the exact nature of the “let” and to whom the let could be “taxable”. If additional services are supplied as a separate cost, they would be seen as taxable. Any charges for parking would be taxable.

From experience most Academies have some business income and if not VAT registered we would expect there to be some irrecoverable VAT and is the Academy carrying out the appropriate restrictions and checks on the VAT claimed via the VAT 126 form.

If required Azets can organise an initial meeting with our VAT experts to discuss any potential issues or pitfalls with you.
